

*“Time and time again when people ask me why or how I became involved with set design and art direction I come back to a singular pivotal event.  
Art All-State.”*

*-- Kristy Thomley, AAS '97*

We hear this sentiment often from now-adult artists – a pretty powerful statement about one weekend in the life of a budding artist. Consider participating as an artist/mentor in Art All-State and helping to shape the future of next year’s crop of high school junior artists. Artists working in all disciplines welcome. Honoraria, meals and accommodation included.
