

TEAM BUILDING OPPORTUNITIES

Bring your team into the ArtsWorcester galleries for your next company outing: a customized experience that builds creativity and camaraderie. One of these could be your next team-building event!

Why ArtsWorcester?

Our ever-changing backdrop of the region's best contemporary artwork makes for a sophisticated and fun downtown venue.

Choosing ArtsWorcester as your next company outing builds creativity, strengthens connections between your team members, and fosters a fun space where participants are inspired to try something new!

An added bonus: your support is recognized as philanthropic support in our gallery signage, website, and annual report.

Pick your project...

A Portrait is Worth a Thousand Words

Pick a partner and collage an image to suit their likeness.

Personalize Your Postcard

Using mixed media techniques, participants create their own greeting cards or postcards.

Partner in Print-making

Each participant uses print-making techniques to make a small design on a paper square. The pieces are assembled in a frame to make a large quilt-like design.

Minis with a big impact

Explore an exhibition of small and miniature works, and then take inspiration to build your own with oven-bake clay.

Or, something else...

Don't see an activity that best fits your dynamic team? No problem. ArtsWorcester staff members will work with your group to create the perfect customized experience that your group will remember for years to come.
